WILDORADO CATTLE CO.
ANNUAL PRODUCTION SALE

BVDV INFECTION CAN DISINTEGRATE HERD PRODUCTIVITY.

Bovine viral diarrhea (BVD) infection can disintegrate herd productivity. And if you're using a vaccine, like Bovi-Shield GOLD®, that isn't labeled for the most prevalent strain, your cattle could be at risk. Play it safe. Choose the only vaccines specifically labeled to protect against Type 1b: Express® FP and Pyramid® + Presponse® SQ. Know more at BVDVTracker.com.

71%2020¹**61%**2008²**54%**1988²**41%**1988²

Percent of all BVDV cases
attributed to **TYPE 1B**.

WILDORADO CATTLE CO. PRODUCTION SALE

Cattle First.

MARCH 6, 2021 12 P.M.

Lonestar Stockyards
Registered Sires and Dams:
Black Angus,
Red Angus, Black Hereford
100 head, 1-2 yrs. old.

CONSIGNMENTS BY:

Wildorado Cattle Co, Hat Creek Land &
Cattle, H-V Ranch, Watkins Angus, Legacy
Cattle, Lust Angus, 7-0 Cattle, Mason Land
and Cattle, Zybach, LK Red Angus, 7-H
Cattle, Cartrite Angus Ranch.

AUCTIONEER:

Dustin Layton (405) 464-2455

RINGMEN:

Shawn McCoy (817) 929-8597

Leman Wall (806) 681-9761

Paul Smith (806) 367-4848

SCHEDULE OF EVENTS:

Friday, March 5:

8 - 12 p.m. - Delivery of consignments

12-4 p.m. - Cattle viewing

2 p.m.- Judging of Bulls

6 p.m.- Buyer's Dinner

Saturday, March 6:

8 a.m - 12 p.m.- Cattle will be available
for veiwing with complementary donuts
and coffee.

11:30 a.m.-Lunch will be available to purchase
(Brought to you by Chas. S. Middleton and Son

12 p.m.- SALE BEGINS!!

TERMS AND CONDITIONS:

Cattle will be sold under the suggest Terms
and Conditions of the Amarician Angus
Association

(http://www.angus.org/Pub/suggested_sale_terms.pdf)

DELIVERY:

Any bull purchased that orginated from
Wildorado Cattle Co. will be eligible for
free delivery within 250 miles.

For more information or details contact
Benson McAlister (806) 367-3019

TRUCKING:

Randy Lathrop, Lathrop Trucking

Dundee, Illinois (847) 910-4673

Tracy Perkins, Wildorado Trucking

Wildorado, Texas (806) 654-3554

BUYER'S DINNER:

March 5, 2021 6 p.m

Cornerstone Ranch Event Center

1901 Cement Plant Rd, Amarillo, Tx 79124

AUCTION:

March 6, 12 p.m.

Lone Star Stockyards

VIEW/BID LIVE ON THE INTERNET:

liveauctions.tv

HOTEL INFORMATION:

-Country Inn and Suites (806) 365-9977

2000 Soncy Rd, Amarillo, TX 79124

-Holiday Inn Amarillo (806) 322-4777

8231 W Amarillo Blvd West, Amarillo, TX 79124

-SpringHill Suites by Marriott Amarillo (806) 381-3400

301 Cinema Dr, Amarillo, TX 79124

HERD HEALTH:

All cattle will be accompanied by proper
health certificates for immediate shipment.

CATTLE LOADOUT:

If you would like to load your cattle prior to
sale ending, arrangements need to be made
at the time of buyer registration.

AIR TRANSPORTATION:

Major airlines serve the following airports:

Rick Husband Amarillo International Airport

- Approximately 30 minutes

Lubbock Preston Smith International Airport

-Approximately 2 hours

Hereford Local Airport

-Approximately 30 minutes

ANNOUNCEMENTS:

A supplemental update sheet will be available
sale day. All announcements made from the
action block take precedence over printed
matter in this sale book.

Payments:

Due in full sale day, prior to loading.

Please make checks payable to:

Wildorado Cattle Co.

Sale Book produced by:

Tyler Mitchell and WISD Class of 2023

WELCOME

Hard work and determination can get you just about anywhere, no matter how crazy, big, or small the idea is, as long as you have the courage and dedication you can accomplish anything. With that, we would like to welcome you to the 3rd Annual Wildorado Cattle Co. production sale.

You may be wondering how did such a truly amazing thing come to be, well let me just tell you. One life changing day an idea was born, an idea so crazy it was worth trying. This idea was to create a cattle company, and let's just say we took that idea, held onto it tight, ran, and still haven't stopped. With tons of hard work and determination we created The Wildorado Cattle Company.

What makes the Wildorado Cattle Co. so unique is that it is run by the high school students of Wildorado High School. We put a lot of effort into every spare second we have to get a job done. This year we've pushed through all the battles in preparation to give you the best experience at our sale. From every long day at the ranch, taking care of the cattle, to all the phone calls and organizing in the classroom. No matter how hard it was, each and every day was always worth it. Being a part of the Wildorado Cattle Co. guarantees all the students real world experiences. You will learn skills such as financing, communicating, organizing, all the way down to the hands on with cattle: clipping, DNA sampling, doctoring, etc., but most importantly, no matter what, you are assured to have an amazing time. The Wildorado Cattle Co. foremost wants to ensure the future of Agriculture. We want our students to learn all about the Ag industry, fall in love with it, and keep the program going for generations. We have grown our company from 15 students, to an incredible 60 students. Our growth has been tremendous, and we are so excited, and blessed to keep on growing.

Wildorado Cattle Co. is more than grateful for all the support from our community, sponsors, buyers, and families. At the end of the day our supporters are what keep us pushing forward. Without them, Wildorado Cattle Co. would not be what it is today. Some of the supporters that have helped us exceedingly would be our sponsors. We are so so thankful for each and every one of them and could never have the words to thank them enough.

Our goal at the end of every sale we have is to be able to look at what we did as a team and a family, and be nothing but proud. When the end comes, you start to realize that every stressful moment, and every rough day is worth all the long, and hard hours. We are truly grateful for this amazing opportunity we get to experience here at Wildorado Cattle Co., and wouldn't trade it for the world.

- Reyna Segovia

WE ARE RAISING KIDS THROUGH RAISING CATTLE.

HD 50K™ FOR ANGUS

MAKE EARLIER, MORE ACCURATE DECISIONS.

THE LATEST ADVANCEMENT IN ANGUS GENOTYPING TECHNOLOGY FROM ZOETIS AND FULLY ENDORSED BY THE AMERICAN ANGUS ASSOCIATION AND ANGUS GENETICS, INC.

Zoetis is pleased to announce HD 50K™ for Angus, a new genotyping platform developed in partnership with AGI for Angus seedstock producers.

HD 50K™ for Angus replaces i50K™ and the previous version of HD 50K, and represents the latest advancement in Angus genotyping technology.

ZOETIS PROVIDES COMPREHENSIVE GENETIC AND MANAGEMENT SOLUTIONS FOR BEEF PRODUCERS:

- 17 Ph.D. geneticists driving cutting edge research and development as well as field and customer support across the livestock business
- First to market with novel wellness traits in dairy cows and calves
- Development of innovative decision support tools
- Unmatched technical support and customer service

SELECT, MATE AND MARKET ANGUS SEEDSTOCK WITH CONFIDENCE:

- Commercial bull buyers increasingly request GE-EPDs
- HD 50K for Angus tested bull batteries enable Sire Match for GeneMax™ Advantage tested heifers
- Reduce selection and breeding mistakes—with HD 50K™ for Angus

HD 50K™ for Angus: The people, the products, and services you have always relied on.

All trademarks are the property of Zoetis Services LLC or a related company or a licensor unless otherwise noted. GeneMax™ Advantage is a registered trademark owned by Certified Angus Beef, LLC. © 2018 Zoetis Services LLC. All rights reserved. 50K-00026

zoetis

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association*, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

www.angus.org

AMERICAN ANGUS ASSOCIATION SELECTION TOOLS

Expected Progeny Difference (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. **Accuracy (ACC)**, is the reliability that can be placed on the EPD. An accuracy of close to 1.0 indicates higher reliability. Accuracy is impacted whether the animal has a genotype and the number of progeny and ancestral records included in the analysis.

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Residual Average Daily Gain (RADG), feed efficiency expressed in pounds per day, is a predictor of a sire's genetic ability for postweaning gain in future progeny compared to that of other sires, given a constant amount of feed consumed.

Yearling Weight (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Yearling Height (YH), is a predictor of a sire's ability to transmit yearling height, expressed in inches, compared to the that of other sires.

Scrotal Circumference (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

MATERNAL

Heifer Pregnancy (HP), is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is more favorable.

Calving Ease Maternal (CEM), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

Maternal Milk (Milk), is a predictor of a sire's genetic merit for milk and mothering ability in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

Mature Weight (MW), expressed in pounds, is a predictor of the difference in mature weight of daughters of a sire compared to the daughters of other sires.

Mature Height (MH), expressed in inches, is a predictor of the difference in mature height of a sire's daughters compared to daughters of other sires.

MANAGEMENT

Docility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility in a sire's offspring compared to another sire.

Claw Set (Claw), is expressed in units of claw-set score, a lower EPD is more favorable, indicating a sire will produce progeny with more symmetrical, even and appropriately spaced toes.

Foot Angle (Angle), is expressed in units of foot-angle score, a lower EPD is more favorable, indicating a sire will produce progeny with an angle closer to 45 degrees at the pastern and appropriate toe length and heel depth.

Pulmonary arterial pressure EPD (PAP), is expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score to decrease the risk of progeny contracting high altitude disease most commonly experienced at 5,500 ft or greater in elevation.

CARCASS

Carcass Weight (CW), expressed in pounds, is a predictor of the differences in total carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb), is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness (Fat), expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

SVALUE INDEXES

SValue Indexes, reported in dollars per head, are multi-trait economic selection indexes where a higher values suggest more profit when comparing two individuals.

Maternal Weaned Calf Value (\$M), expressed in dollars per head, predicts profitability differences in progeny from conception to weaning by decreasing mature cow size and improving docility, foot structure and fertility while maintaining weaning weights consistent with current production.

Weaned Calf Value (\$W), expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning.

Cow Energy Value (\$EN), is expressed in dollar savings per cow each year due to lower cow maintenance energy requirements (due to lactation and body size) with a larger number being more favorable.

Feedlot Value (\$F), expressed in dollars per head, is the expected average difference in future progeny performance for postweaning feedlot merit (growth and feed efficiency) compared to progeny of other sires assuming producers retain ownership of cattle and sell on a carcass weight basis.

Grid Value (\$G), expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

Beef Value (\$B), expressed in dollars per carcass, represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot and sell on a carcass merit grid.

Combined Value (\$C), an index, expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and sell them on a quality-based carcass merit grid.

YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.
You've kept all the records.

AngusLinkSM combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves. From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

**Group Age & Source • Angus-Sired Genetics •
Non-Hormone Treated Cattle • NeverEver³ •
Cattle Care & Handling • Calf Management •**

Testimony

"The last few years I have represented and marketed calves and yearlings for numerous ranchers through Superior Livestock Auction that were sired by bulls purchased from Wildorado Cattle Company's Annual Bull Sale. The genetics raised and offered in the Annual Bull Sale have numerous traits that are desired by all classes of buyers- from stocker operators, replacement female buyers, and feedyards. Calves sired by Wildorado Cattle Company's operation have added value to many of my customer's bottom lines. If you are looking for ranch-raised bulls with proven durability and performance, superior carcass traits, docility, maternal traits at an affordable price, look no further than Wildorado Cattle Company Annual Bull Sale."

-Will Durrett, Superior Livestock

This bull is a Proven Heifer Bull that we've used on our own heifers since he was a yearling. With two calf crops finished, we didn't have to assist a single one. He ranks in the top 20% for Calving Ease, top 8% for Birth Weight, and top 8% for Heifer Pregnancy. Takeover also ranks in the top 24% Gridmaster Index with a top 23% Marbling, adding an extra shot of carcass quality to his calves. If you like Docility, Calving Ease, and Fancy Calves, consider adding this bull to your operation.

829G is out of a cow that is consistently one of our easiest fleshers and he seems to have inherited that trait as well. We look for him to add thickness and style to his calves while maintaining a moderate frame like his dam's, making very good replacements.

Testimony

"The last few years I have represented and marketed calves and yearlings for numerous ranchers through Superior Livestock Auction that were sired by bulls purchased from Wildorado Cattle Company's Annual Bull Sale. The genetics raised and offered in the Annual Bull Sale have numerous traits that are desired by all classes of buyers- from stocker operators, replacement female buyers, and feedyards. Calves sired by Wildorado Cattle Company's operation have added value to many of my customer's bottom lines. If you are looking for ranch-raised bulls with proven durability and performance, superior carcass traits, docility, maternal traits at an affordable price, look no further than Wildorado Cattle Company Annual Bull Sale."

-Will Durrett, Superior Livestock

Kade Flowers

We are so proud of you Kade! Love, Mom, Dad & Cash

Harris Albracht

You make us so proud!
Love, Dad, Mom, Hadley, Hance & Hollis

Tyler Espenson

We are proud of you!! Love Mom and Dad

Jace Davis

God has big plans for you. You will do great things!
Love Mom and Dad

Jake Wells

My blue eyed wild child, I pray you know how proud we are of you. I can't believe this chapter is coming to an end but a new one soon begins. Don't be afraid. Just believe Mark 5:36
Love Mom

Benson McAlister

Leadership, character & determination best describe you! Your passion for Agriculture is admirable and we are so proud of you.
Love Mom and Dad!

Milana Evers

Treat the word impossible as nothing more than motivation, relish the opportunity to be an outsider, because it's outsiders that change the world and who make a real lasting difference.
Love Mom and Dad

Madison Evans

You are an amazing young lady! You will do GREAT things!

Samuel Packer

Be the magic of miracles! Love Mom

Angelica Esparza

You are the perfect mix of sassy and sweet! We are so proud of you and we love you more than you'll ever know!
Love Mom & Papi

Chloe Aduddell

The time has come to go and stand on your own once again and make us even more proud than you already have.
Love Mom and Dad

Taylor Shugart

You're capable of great things, sweet girl! We couldn't be prouder of you.
Love Mom and Dad

Alicia Matthews

We love you and are so proud of you!!! Keep up the hard work and you will do great things!
Love Mom & Dad

Jessica Merrell

Listen to your heart, don't let the world get in the way!
Love Dad
I am always amazed by your strength and resilience! Go rule the world!
Love you, Mom

Skylee Isham

This is the beginning of anything you want!
Love Mom & Dad

Kayla Stephens

Bring yourself in a world that tries to make you be something else is the greatest accomplishment. Go get em girl!
Love Mom and Dad

Jake Kenedy

The sky is the limit!! We believe in YOU!

XO Mom & Scott

You will always be my "Big Daddy." I Love You, Gangan

Go do big things!! I love you so much, Hanna

Shoot for the moon and you will always reach the stars. PaPaw & Cathy

Do your best in whatever you do, give your whenever you give. Congrats, my son

Love, Dad, Kelly, Mimi, Papa Chuck, Tess, Allie, Greyson and Austin

Therefore, whether you eat, or drink, or whatever you do, do it all to the glory of God. 1 Corinthians 10:31
